Dear Chris,

Further to the commissioning of Aardvark Consulting regarding customer feedback on Record Digital's products and Services, I would like to express my thanks for all your hard work and effort organising the 'Record Digital' On-line Survey.

The final results were very positive, clearly spotlighting what Record Digital do well and more importantly helping us understand how we can develop our customer base. This is a very power Marketing tool that will definitely help improve our customer services and more importantly our profitability.

I will highly recommend your marketing services to other businesses, your professionalism and knowledge is of the highest standard.

Yours sincerely,

Anthony Brooker
